

Silben Domino

Material:

Drucker, Papier (ggf. festeres Papier),
falls die Möglichkeit besteht, können die Karten laminiert werden um sie haltbarer zu machen

So wird's gemacht:

Am Anfang werden die Karten auf die Spieler verteilt. Jeder erhält 5 Karten.
(kann je nach Spieleranzahl variiert werden)

Die restlichen Karten werden in die Mitte gelegt. (je nach Alter der Kinder verdeckt oder offen).

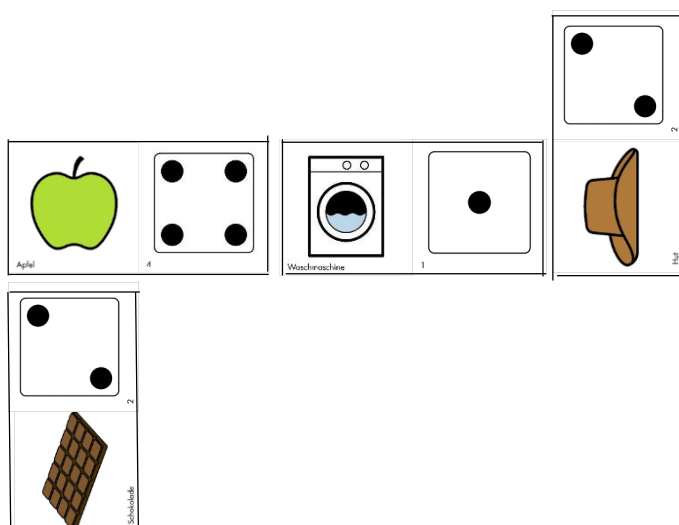

Beim Domino wird abwechselnd eine Karte an eine weitere angelegt.

Bei dieser Variante wird immer ein Begriff entsprechend seiner Silbenanzahl an ein Würfelbild angelegt.

z.B. Ap-fel = 2 Silben / wird an das Würfelbild 2 angelegt.

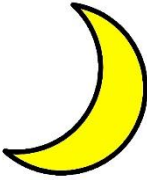

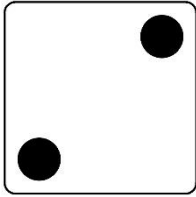

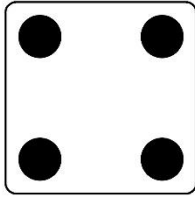

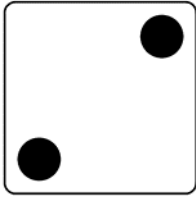

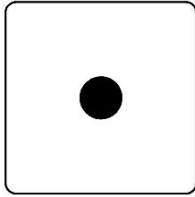

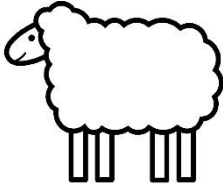

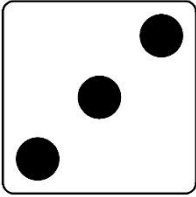

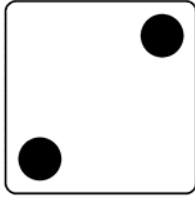

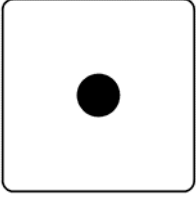

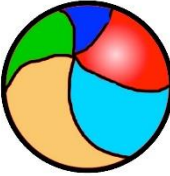

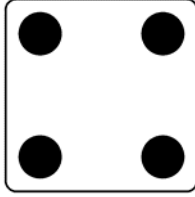

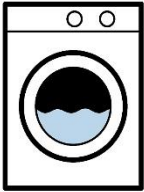

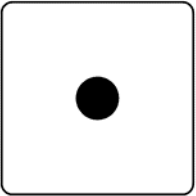

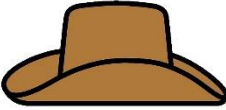

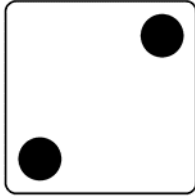

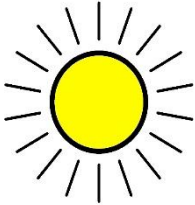

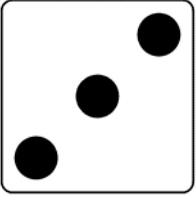

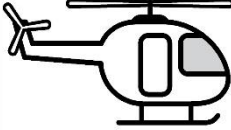

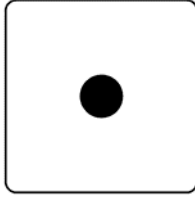

Die Karten dürfen immer nur an die beiden Enden abgelegt werden.

Hat man keine passende Karte, so zieht man eine aus der Mitte. Sieger ist, wer zuerst alle seine Karten ablegen konnte.
